

MSHA Training and Compliance Solution

Online Course Catalog

A photograph of two male miners in a dark, industrial setting. They are both wearing yellow hard hats, orange high-visibility safety vests over grey work shirts, and white work gloves. One miner is holding a white clipboard and pointing at it, while the other looks on. They are standing next to a large piece of yellow industrial machinery.

Whether you need to train a small group or a team of thousands, OSHA Education Center can build a training plan to keep your team compliant and safe on the job. It's never been easier to assign courses to your team, track training progress, and access course completions.

We offer the broadest offering of safety courses in the world, so if there's something you need that isn't listed, please ask us: **There's a very high probability that we offer whatever safety or skills training you need.**

MSHA Part 46 Training Packages

MSHA Part 46 training equips miners to recognize and avoid the most common causes of accidents and injuries in the mining industry.

We offer several package options for both new miners looking to meet their initial 24-hour training requirement and experienced miners who need to satisfy their 8 hours of annual refresher training.

TITLE/PRODUCT NAME	PACKAGE LENGTH (HOURS)	DESCRIPTION	INTERNAL NAME
MSHA PART 46 24-HOUR NEW MINER TRAINING	24	Comprehensive package that covers safety, health, and compliance basics for surface miners in non-metal/non-coal industries to meet MSHA requirements for new workers.	[WS] MSHA Part 46 New Miner 24-Hour Package
MSHA PART 46 8-HOUR MINER REFRESHER TRAINING: HAZARD COMMUNICATION FOCUS	8	Covers foundational MSHA Part 46 topics and dives deeper into hazard recognition, hazard communication, and the Globally Harmonized System (GHS).	[WS] MSHA Part 46 8-Hour Miner Refresher Package - Hazard Communication Focus
MSHA PART 46 8-HOUR MINER REFRESHER TRAINING: HEALTH & WELLNESS FOCUS	8	Covers foundational MSHA Part 46 topics with additional focus on health and wellness topics that can help prevent workplace injuries.	[WS] MSHA Part 46 8-Hour Miner Refresher Package - Health & Wellness Focus
MSHA PART 46 8-HOUR MINER REFRESHER TRAINING: ENVIRONMENTAL SAFETY FOCUS	8	Covers foundational MSHA Part 46 topics and dives deeper into environmental safety issues such as chemical hazards, air quality, and respiratory safety.	[WS] MSHA Part 46 8-Hour Miner Refresher Package - Environmental Safety Focus
MSHA PART 46 8-HOUR MINER REFRESHER TRAINING: SITE SAFETY FOCUS	8	Covers foundational MSHA Part 46 topics with additional focus on site accident prevention efforts such as fall protection, safe operation of machinery, and safe confined space entry.	[WS] MSHA Part 46 8-Hour Miner Refresher Package - Site Safety Focus

MSHA Part 46 Foundations

Our foundational MSHA Part 46 courses cover the basics of mining hazards and equip surface miners to recognize and avoid the most common causes of accidents and injuries in the mining industry.

TITLE/PRODUCT NAME	COURSE LENGTH (MIN)	AVAILABLE IN SPANISH	INTERNAL NAME
